of this movie are that:

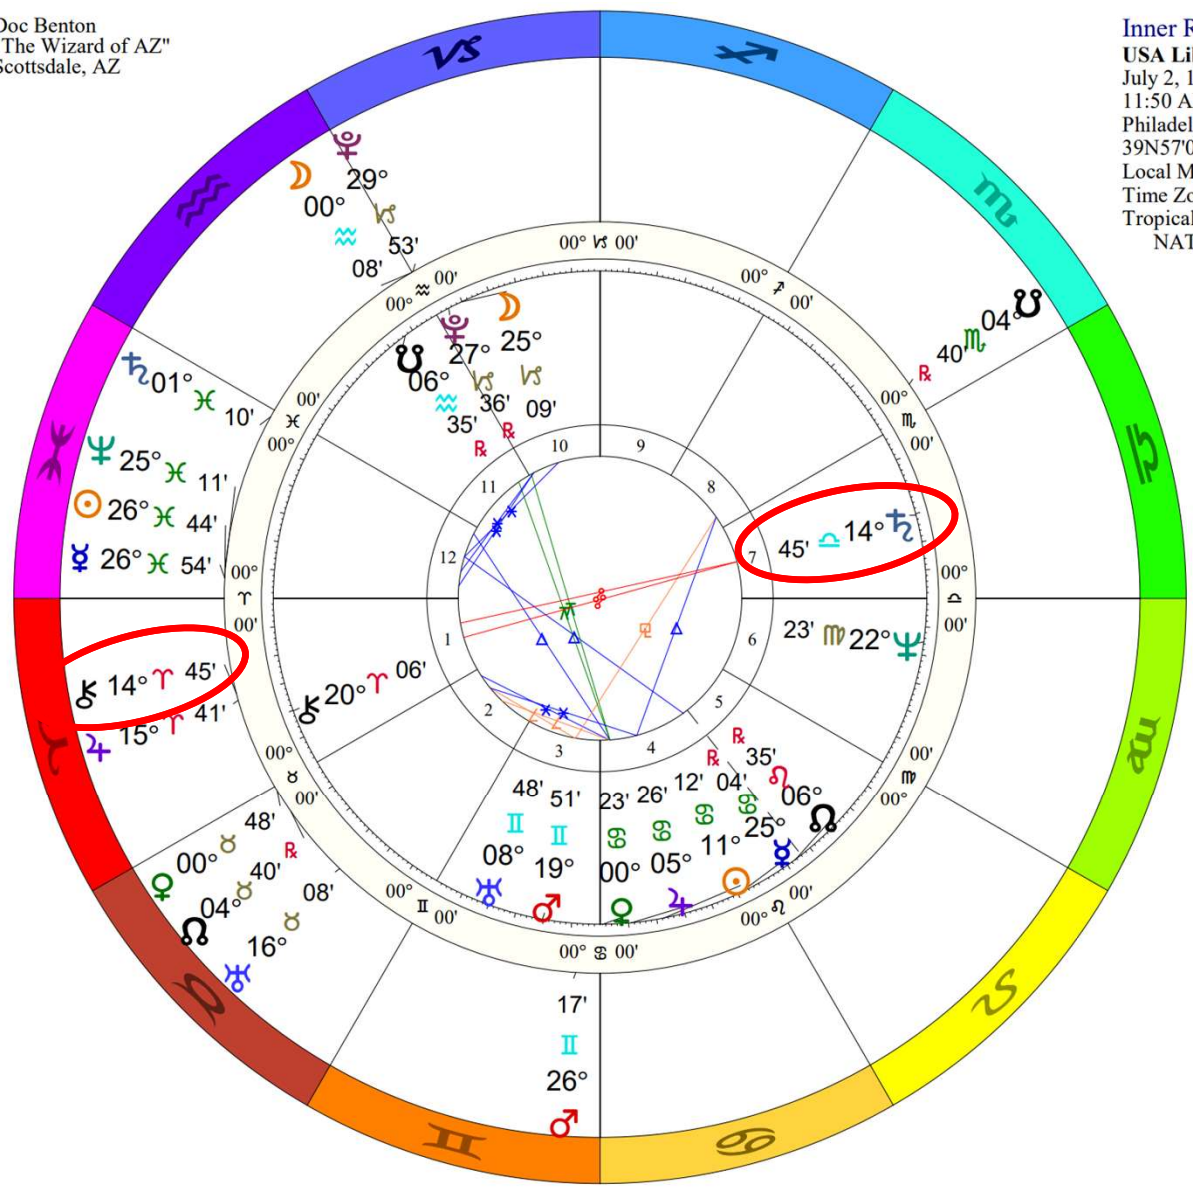

- We live in both a literal and a metaphorical multiverse
- A single individual can save the multiverse
- Things don't matter as much as we think they do
- It's up to us to find and define what is meaningful in our lives
- We can find beauty and perfection within the experience of the present moment

Transiting Chiron Conjunct Natal Chiron in USA July 1776 Charts

Expected: More wounding and
transcendence. Severe weather,
violence, abortion, and LGBTQ
news

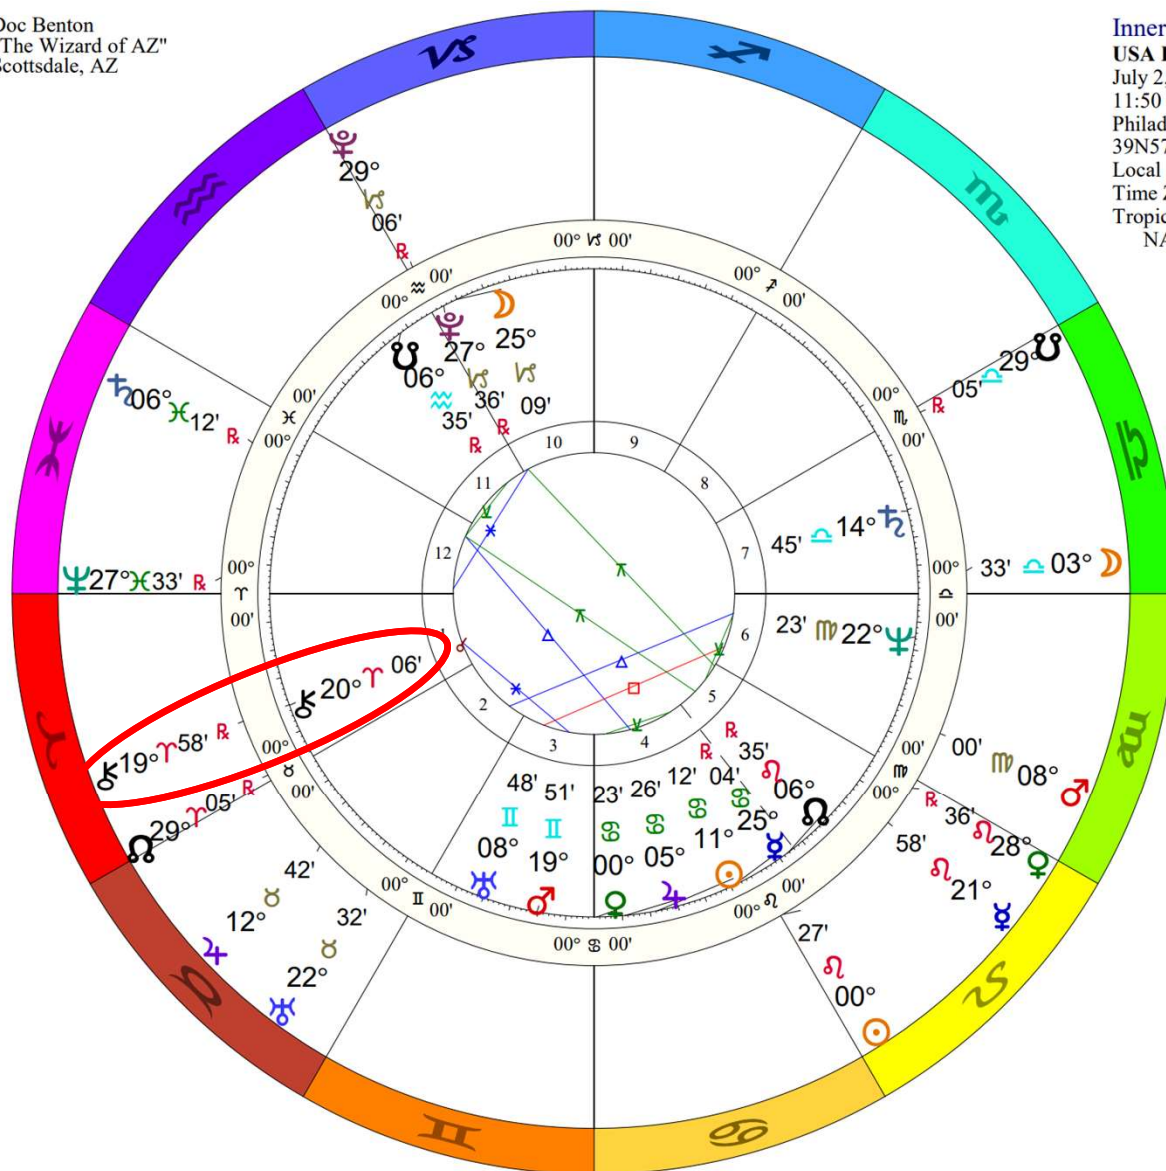

[illegible]

From **1972 to 1975**, transiting Chiron made a series of oppositions to natal Saturn and a series of conjunctions to natal Chiron in the July 1776 charts for America. These aspects can trigger either wounding, healing, or transcendence, and the major story during this period was the Watergate scandal and the Senate's select committee to investigate President Nixon and that scandal. Also, the environmental movement and **Roe v Wade**.
