

THE LUNAR MONTH
JANUARY 11 – FEBRUARY 9

OVERVIEW

- A persistent sextile between Jupiter and Saturn will help to create a balance between growth and regulation.
- Sign changes from Sagittarius to Capricorn signal a shift from group discussion to individual decrees.
- Sign changes from Capricorn to Aquarius signal a shift from individual decrees to group collaboration and a focus on both humanitarianism and technology.
- Neptune will at times assist compassionate actions (Pisces sextile Capricorn), but will at other times result in misinformation and fuzzy plans for peace (Pisces square Sagittarius).
- The Sun and Pluto will enter Aquarius together on January 20th, and the 0° ♁ point of the December 2020 conjunction of Jupiter and Saturn will be stimulated this lunar month by Sun/Pluto and Mercury/Pluto and in the next lunar month by Mars/Pluto and Venus/Pluto.
- A variety of sextiles and trines will make this lunar month a little less tense.
- Tensions may rise in the last half of this lunar month, though, due to several squares and oppositions.
