When you accentuate the positive, you warm the cockles of anyone who wants to get to know you better, as well as old friends.

It may be time to heed the discoveries and inspirations of others, especially when they do not jibe with your own. Nothing educates like opposite opinions, though resolving them into a common vision takes time. Open your eyes now, put your ego on hold and give a serious listen. What you hear now may be part of what you will espouse later.

Brilliant thoughts and sudden missives can come and go so fast that they escape before they are fully in your grasp. Don't hesitate to ask for a repeat message, several times if necessary, until you've got it right. It's easy to feel scatterbrained, but just as easy to gather your wits if you keep at it.

The month ahead is all about pacing, or at least that's the prevailing atmosphere. Making it work and being sure that it's going to deliver, without getting sidetracked or distracted, is the common wisdom. Doing that without getting bored may sometimes be the problem. Common beauty with an uncommon touch is the solution.

A steady, even gait eats up the miles and leaves you feeling effortlessly refreshed. 	Where free-ranging conversation may have been the order of the day only yesterday, suddenly it's truth-or-dare which makes people go underground and hesitate to be the first to venture an opinion. An atmosphere of enforced sincerity ushers in a month of raised intensity, higher emotional risk and nervous betting.

Brain drainers who want to tap your ideas right down to the bottom of the keg should be put off -- hit that cutoff valve and save some for later. You needn't be rude, just say enough is enough and tell them to come back for more later.

Quiet messages without red flags will relay the signals of the heart to their targets. Simply put, without fanfare, what you mean will be just what is said and what is understood. Don't try to say it all at once, but put it out a piece at a time in little packets that, taken all together, tell the complete story.

When you're asked to explain it for the third or fourth time, it may be time to give up. Brain drainers who want to tap your ideas right down to the bottom of the keg should be put off -- hit that cutoff valve and save some for later. You needn't be rude, just say enough is enough and tell them to come back for more later.

Trying to stay on top of things this time of year may have you a little stressed because of extra ego drain. When in doubt, however, just drop out and give it a rest. Too-hot pursuit won't bring you any closer than sitting back, taking a breather, and diving back into the fray refreshed with a new vision.

Look for environmental energy to help fuel your power plant. Let in help where it's offered as a matter of course. A gentle wind in your sails gives you a nice push without shoving, so take advantage of what's in the air. Don't push your luck, let your luck push you -- you'll be there sooner than you think.

When you come to the fork, take both roads - that's the game for some time to come, as playing both ends against the middle is what everybody's trying to do. It takes twice the energy to invest

in both sides of a contest, so activity is high and so is exhaustion. If you really know where you're headed, you don't have to play this round.

Anything you say can and will be used to favor you, so clear the channels and get your message across. It is particularly easy to understand and be understood in clear and uncertain terms, without delay and without argument. Make yourself a conduit of understanding within your personal network.

Organizing yourself and others is the name of the game and you can do it without unnecessary struggle. Just assume agreement will come and you'll find that it does -- watch for things to reach consensus, then move.

Small acts of faith and trust are a sure way to build a following, and you don't have to risk your life for someone to show that you are a firm supporter. Put your energy where you know it will count and build and it will come back to you. It is not a single action but the sum of many that will tell the tale.

It may be difficult to maintain your perfect image when other distractions draw your attention elsewhere. Save your stage appearances for later and check the mirror only after you've finished with necessary business. Work clothes are the order of the day -- there will be time for dress up when the evening rolls around.

It may be particularly easy to be elusive and lose yourself in the environment (either internal or external) right now. Don't be afraid to be lost, let yourself drift -- you'll find the shore soon enough, with some unexpected sights along the way. Once the right dream comes into view, go for it full tilt.

There's an air of secrecy about for the next few weeks, as if everybody's trying to keep a copyright on what they're thinking, so pulling out ideas may be like pulling teeth. Critical elements are often withheld until you've passed the entry test - but once honestly shared thinking gets going, it runs deep.

Conflicting messages about your reputation may have their origin in partner disputes and competitive jealousies. Try to resolve them, but don't look like you're trying too hard, or you'll have the reverse effect. If you can rise above the fray, do so, and any misconceptions will be straightened out by time and good will.

<p>Venus Opposition Venus</p> <p>Former pleasures may begin to cloy, don't hesitate to turn away from disappointing investments that no longer yield what you wanted from them. On the other hand, cleave to joys that yet are on the increase and don't throw the baby out with the bathwater. Glean gratification from remains of the harvest still available to you.</p>

A gentle wind in your sails gives you a nice push without shoving, so take advantage of what's in the air. Don't push your luck, let your luck push you -- you'll be there sooner than you think.</p>

Turn support for your schemes into dreams that come true, and let everyone pull along with you. Ambition is strong liquor, and when you share it, everybody parties. The feeling of possibilities runs high, and what seemed pie in the sky just might be nearby. Enjoy the sensation and implement as much as you can.

Look before you launch a retort or profess an opinion, as your reactions may not be exactly what's desired by the more critical around you. Fertile ground for your feelings is available, however, if you take care to avoid the rocky patches in-between. Don't waste emotional resources on the unappreciative.

A good belly laugh satisfies everyone right now, and refined taste is not necessary to make a hit. In fact, nuance may not be much in demand at all, so don't expect you're subtleties to get lapped up. Go for the gusto, along with everyone else, or else sip your sup on the side. Don't knock the slapstick, however, it's still classic.

You may find that positive new developments around you don't square with your pre-set notions, and the temptation to argue them down is great. It's probably better to keep an open mind, as a little change of personal dogma might not be a bad thing. Investigate the possibilities, but don't torture yourself over it.

Profit from some perhaps unexpected or even mysterious quarters is profit nonetheless, and a helping hand from the hidden side of things feels like you've got a guardian angel in tow. Your desirability may be in question from time to time, and a little mending and darning of how you fill the gap in others' needs might be in order. You can't be all things to all people, however, so don't take the occasional complaint too much to heart. If you don't get what you want on the first try, try again.
