If you can avoid taking too much financial action during this period, do so. Chances are it will be hard to anyway and likely not worth the fight. Ease off on the money pedal but don't slam on the brakes, either. Opportunities for really good, long-lasting moves are few, and energy used sparingly now will serve well to have conserved later. There's nothing wrong with following through on long-term, well-laid plans, but impulsive spending will likely be resources thrown into the wind, especially if it is based on personal, ego-satisfaction motives.

#### Mars Stationary Direct in 01st House

A sometimes-frustrating period of forced inaction or delays that may have had you chafing at the bit is turning the corner and you will be able to get some forward motion again. Where you had to make do with other people's initiatives or no progress at all, you can again take the reins yourself and make it happen your way without intermediaries. Once things are back into your hands you

will be better able to push for change and advancement in development of your financial resources in the coming months. Make your presence known and you will get results.

Sometimes painting life with a broad brush can cause you to miss messy details that then slow you down. The next three weeks are a great time to pause and make sure the rug rats and ankle biters are not in a position to sidetrack your whole operation because you ignored them. It's time to give the small things their due so they can serve your larger purpose. By doing so, you may discover a better version of your own vision as well. Don't hurry, you've got time, and you may find that in the end tapping resources you had ignored will trigger a rising tide that floats all boats, not just your own.

The last few weeks' complexities and contradictions begin to clear up and you've turned a corner on finding out what you can get elsewhere and what you can provide yourself. If you need to borrow, it will be in the cards, but you may equally find that a little inventory of your past resources will reveal you've actually got all you need if you try out a new way to tap it. Brilliant ideas that seemed elusive are headed back into the pipeline but will still need a little sorting out before you can bring them to fruition. For the next three weeks you may feel like you're waiting for things to come together, but you don't know exactly what they are. Kind of like watching a row of seeds you've planted -- you hope something is happening, but it's hard to tell. Events for you are, in fact, restructuring themselves behind the scenes, and you may be in for some surprises when all is resolved. Your best course is to make as few assumptions as possible and don't bet on the same old horses. Be open to your own intuitive hunches and be ready to jump aboard a new bandwagon when it suddenly materializes. It may come from closer than you think and from those you might have taken for granted.

Mercury's about-face on your own natal Mercury should be giving you a message to rethink your thinking -- take a second look at the way you analyze your situation and see if you can get rid of blockages, generally streamline the way you size things up. Fresh approaches are in the wind as

you now can better pick out what has become stale and what bears real fruit. Throw old assumptions to the wind and investigate new formulas for handling your organizational needs. When you've separated out the trash, you'll feel a lot lighter and trimmer whenever you're asked to deal with a situation. Spend the next few weeks picking things apart, then move on with a new approach.

If loss of communications has left you clueless, you can start collecting more reliable evidence again. When exterior sources fail to provide the information you need, you may have to rely on your inner resources and come to your own conclusions without external input. However, if you can avoid tying yourself down, that would be a better choice, as things may be going on without your knowledge that will surface soon and give you a better handle on your operations. When the mist clears, you'll have the opportunity to really make yourself seen and heard.

Mercury hurling itself back into the fray right on your natal Mercury can mean more than one brainstorm and that "Aha!" feeling can be the order of the day. When that light bulb overhead switches on, be ready to pick up and run with the new plan that can put you ahead of what has been a slower-than-usual game. You may find yourself becoming information central as others gravitate toward what you have noticed first, but make sure it bears the stamp of your imprimatur before you give it away. You can copyright an idea, but you can make sure everyone knows where it came from to establish your leadership.

This may be a period in which you choose to refocus your creative impulse and redefine what truly satisfies, as opposed to what merely amuses. The appetite for joy can immerse you in flowing river, when you discover you only had your toes in the water before. When the muse ceases to inspire, be ready to try for another, either personally or artistically, so you begin to feel properly plugged in again. Who you want to play with and what you want to play at are particular reflections of who you are and who you want to be -- as you resolve one, the other comes into plainer view and the way is clear.

Who controls what you want? Do you? Sometimes it's hard to say, especially when you feel in competition with others for what you might be choosing on your own. Venus backing off your Pluto (it's happening to all your age mates) should make you realize that there's no real competition for what you really want, although keeping up with the neighbors could pull the wool over your eyes. When you back off initial confrontations, you may find that there's no real issue and, in fact, only common ground. Take the time to spell it out so everyone feels comfortable and on the same page.

Core values may have been at issue recently, with the need to take a second look at what is really meaningful to you and what is passing fancy. Such changes are now likely to solidify and give you a better sense of personal objectives and what your inner bottom line goals should be. Dispense with that which does not feed the soul but only gives temporary amusement. Quality, not quantity, should be the watchword -- follow your heart, not just your appetite, and you'll find that you will be well-filled. And don't forget that when you give, you get, so an open and generous hand now means instant good karma.

Venus kicking off from your Pluto pushes must-have issues to the fore and you may find yourself at loggerheads with others who want what you want and may not want to share. Remember only that compulsive needs fulfilled seldom satisfy for long, so if you're feeling driven, keep one foot on the brakes. Fighting for fleeting fantasy, however urgent, is probably not worth the effort, and the most powerful will is the one that can keep still, so don't feel you have to prove yourself. Let others drain themselves in the fray, while you shoot for bigger game and longer-term satisfaction.

Keep them in your memory bank as they may turn up in other guises later and you'll already be halfway there. ### Mercury Stationary Retrograde in 08th House

If you can spend the next three weeks redeploying your debts and reallocating resources, you will not regret it. In fact, it may simply be a necessity to pick up loose ends and take a second look at whether you are unnecessarily overextended. With a little tweaking, you could be sitting in the catbird seat, but you'll need to test the wind to get some height. Pick up on assets you've neglected or forgotten about, and you'll have all you need. Make new friends, but keep the old; one is silver, but the other's gold -- in ways you hadn't even thought about.

**Mercury Stationary Direct in 08th House**

The last few weeks' complexities and contradictions begin to clear up and you've turned a corner on finding out what you can get elsewhere and what you can provide yourself. If you need to borrow, it will be in the cards, but you may equally find that a little inventory of your past resources will reveal you've actually got all you need if you try out a new way to tap it. Brilliant ideas that seemed elusive are headed back into the pipeline but will still need a little sorting out before you can bring them to fruition. Putting previous obstacles behind you will give you the chance.
