Solar Eclipse April 8, 2024

Sun/Moon/Chiron exact
conjunction at 19 degrees
Aries 24 minutes

Will this produce
wounding, healing, or
transcendent joy?

The April 8, 2024, Solar Eclipse has the potential to be a tsunami of an eclipse. I've talked in detail in other videos about what the impact of this eclipse could be, and below is a summary of people and places that might be directly affected. Additionally, most of the outer planets will be in approximately the same position that there were at during the October 2023 eclipses when Hamas invaded Israel.

**Sun/Moon/
Chiron exact
conjunction
at 19
degrees
Aries 24
minutes**

Hamas	Jupiter	19 ♃ 49
Iran	Pluto	19 ♇ 06
Netanyahu	Moon	19 ♁ 12
Putin	Saturn/Neptune Midpoint	19 ♄ 19
King Charles III	Mars/Pluto Midpoint	18 ♂ 45
United Kingdom	Moon	19 ☾ 26
United States	Chiron	20 ♃ 06
United States	Sun/Pluto Midpoint	19 ♃ 24
United States	2 Chiron returns in 2023 & 1 in 2024	20 ♃ 06
Me	Neptune	19 ♆ 18

What happens as a result of the April 8, 2024, Solar Eclipse depends on us. Past history favors wounding as an outcome, but we can make different choices in order to make healing and even spiritual transcendence more likely. Furthermore, preparation for a better outcome must begin now. From December 2023 through January 2024, there will be several sign changes and changes from retrograde to direct or vice-versa, and that is why I'm calling this period "shifting sands." Below are some of the signs involved and what their influence may be.

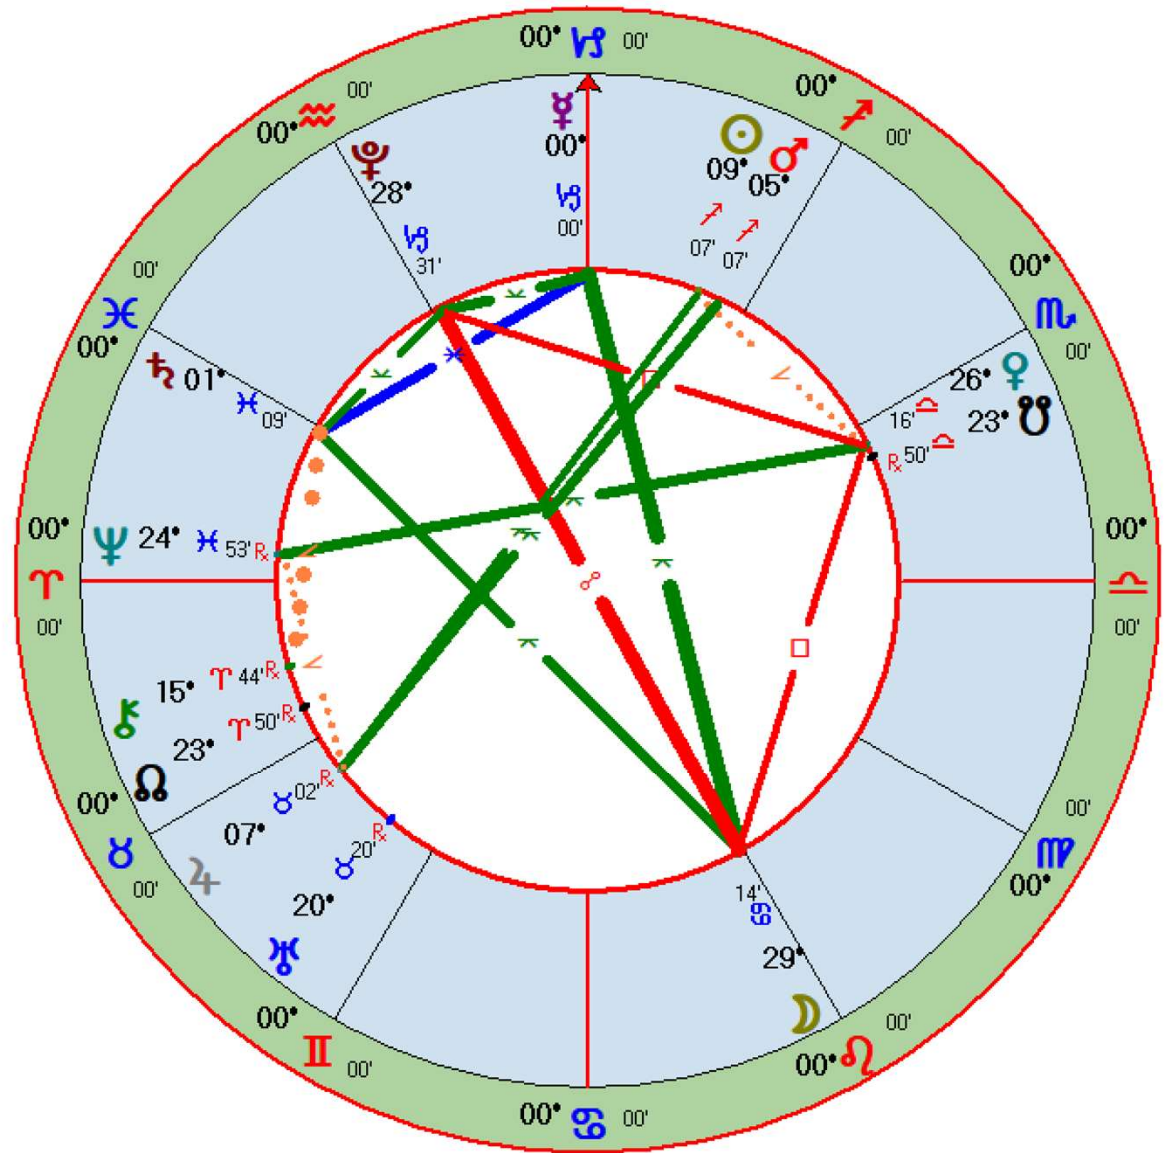

Scorpio	Strongly held feelings
Sagittarius	Group discussions
Capricorn	Leaders decide
Aquarius	Group collaboration and creativity
Pisces	Empathy & compassion, or subterfuge & misinformation
Aries	Individuality dignity, or aggression
Taurus	Stability and economic concerns

In summary, from December through January I'm expecting:

- Difficult negotiations
- Aggression that waxes and wanes
- An outpouring of both compassion and misinformation
- Much work behind the scenes to produce a stable peace
- A stabilization of economic growth

Also, we are greatly in need of new paradigms for the future. Instead, of conflicts always having to result in a winner and a loser, we need to imagine how they can lead to a win-win situation. That is the challenge before us because much of what we are doing now isn't working.
