

**SUPREME LUNACY
AMERICA'S FUTURE IN THE
AFTERMATH OF THE JOHN
ROBERT'S SUPREME COURT**

- Citizen's United – political campaigns are now dominated by dark money and donations from corporations and wealthy individuals
- Weakened the Voter Right's Act – more attempts at voter suppression by various states
- Overturned Roe v. Wade – women's health care suffers as they lose in many states the right to control their own bodies
- Weakened the regulatory power of federal agencies – more decisions will be made by judges instead of experts in the field
- Given the President absolute immunity for official acts – the President may no longer be accountable for any actions taken while in office
