From **1972 to 1975**, transiting Chiron made a series of oppositions to natal Saturn and a series of conjunctions to natal Chiron in the July 1776 charts for America. These aspects can trigger either wounding, healing, or transcendence, and the major story during this period was the Watergate scandal and the Senate's select committee to investigate President Nixon and that scandal. Also, the environmental movement and **Roe v Wade**.

When a midpoint between two planets is stimulated by a third planet, it is like having for that moment all three planets in conjunction. Additionally, it activates a particular harmonic chart in which the two natal planets and their midpoint are all in conjunction. In this particular case, both Pluto and Jupiter are 33.7° from their midpoint, and this corresponds to the $\frac{360^\circ}{33.7^\circ} \approx 10.68249258$ harmonic. In this harmonic chart, the distance between Pluto, Jupiter, and their midpoint is mathematically eliminated, and the resulting auxiliary chart gives us additional information on what to expect when this midpoint is stimulated. NOTE: Even though in the harmonic charts that follow we should have Pluto and Jupiter in an exact conjunction, you will see a few minutes of separation between them due to roundoff error. This happens because software programs for creating harmonic charts will usually roundoff any decimal expansions that are part of the harmonic.
