<p>Passions run high for the next few weeks, with flashes of intense desire suddenly trailing off into satiation or ennui. So if you're looking for intensity, now's the time to jump into the pool - but commitment after you're there may be hard to hold on to. Hunger pangs, once fed, lose their urgency.</p>

<p>This is an excellent time for whipping up great faith in whatever new trip you are onto, regardless of its apparent merits. Faith is the operant word here, for if you instill enough of it yourself and inspire enough of it in others, you can succeed where you probably wouldn't or shouldn't otherwise. Basically, your personal or financial success (it can be either) can hang on your ability to generate a deep feeling of trust and the inevitability of what you believe to be the right course. That's what people are looking for right now. If you can make your belief theirs, then you can take a ride together and you won't have to sell anymore. And when you pull together with the abiding knowledge of success, it's a lot more likely to happen.</p>

Intellectual solutions are the rage, but that may be simply to paper over what's being ignored underneath. Keep options open, however, as you never know which sound bite is going to wind up the winner and hit home to the truth.
