Mars Stationary Retrograde in 11th House

It may be hard not to seem to be at odds with usually friendly forces during this period, as everyone is casting about to get something done and progress is slow. It's easy for you to blame your friends (and they you) for failures that are really just bumps in a shared road. Remind yourself that comradeship is more lasting than a passing storm, and you'll all be around when the weather clears. Sometimes you can become too wrapped up in promoting your own image to see who and where that image came from. When you have to push, push together -- it's not only easier that way, you've all already done it before.

Mars Sextile Midheaven (Retrograde)

You have a lot of energy to pour into practical and career decisions. You may appear commanding and assertive.

Don't do too much dreaming just now. It would be very easy for you to get carried away with some fancy or another. Your feelings are not in sync with your imagination. You may be hard to satisfy.

Mars Conjunct Mars (Retrograde)

Expected opportunities for advancement and the initiation of new projects may meet with some delay for a while as Mars hesitates at its usual twice-yearly reinforcement of your natal Mars. That doesn't mean you've missed the boat, only that its sailing time is delayed for repairs to make the journey safer. Use the wait to make sure you've really tied up all your ends on previous commitments and have a solid ground under you to push off from shore when the time comes. Once the focus of energy gets itself together, you won't have time to look backwards, so clear

the decks now.

Mars Trine Saturn (Retrograde)

Irresistible force meets immovable object. Proceed with caution! There is a lot of energy available for disciplined work, but push too hard and you may break something.

2023-01-02 12:54 pm 08° II 48' R_x ♂ ♂ ♄

Mars Conjunct Uranus (Retrograde)

Mars pulling back from your Uranus may save you from hasty decisions, but it might not seem that way at first. The urge to jump into the fray can be so strong that you miss the obvious. Take the time to retool your ingenuity and develop the practical side of your inspirations before putting them to the test without a safety net. Test not only your accelerator, but your brakes, so you have full control before you charge ahead -- you'll be thankful you did. Develop greater precision and accuracy before you fire, or you'll waste ammo. One shot at your target will be all you need, if you take more careful aim.

Mars Stationary Direct in 11th House

Pushing hard to garner support may not have been having the intended effect lately, but feelings of being stalled by the roadside are about to give way to the sounds of busy traffic. Remember that your backing may not always come from what you simply seek yourself but from that which is awarded to you on your merits, ones you may not even be aware of. Do not grasp, but let others seek you out for your strong points, and you will find their energies shore you up and propel you on when you need to take some of the burden off your own shoulders.

Mars Conjunct Uranus

Mars turning about on your Uranus can bring unexpected discoveries and, unless you play it easy, a stop-and-go, bumpy ride. Expect the spigot to be off or on and not much in between for a while, a sputtering rhythm that can be fun if you go with it, but annoying if you try to buck it. Allow yourself to be catapulted to where you're going and you'll go further -- like a roller coaster, it's best to let it take you wherever it goes, even if you shriek a little. At the end of the ride you'll be back with your feet on the ground and requests to go another round.

Mars Conjunct Mars

This second Mars return is the beginning of a two-year cycle of energy and promotion that, for a while, looked like it would never show up. Long-awaited wells of energy open up and a change in status in work or the major projects you are involved with mark a new step in your evolving journey along the path to achievement and success. This is not necessarily a life-altering development, but it is certainly another significant and welcome advance that reenergizes and rejuvenates. The essence, since this is the end of Mars retrograde, is tying up loose and useless ends and getting with the new program.

Mercury Stationary Retrograde in 06th House

The next three weeks could easily throw some kinks into your schedule and make your routine suddenly unroutine. You have the opportunity now to iron out the wrinkles that may have been bothering you but which were somehow still left unattended. You may be wise to put great leaps forward temporarily on the backburner until you are sure there is nothing to trip you up along your way when you make your moves. This may result in coming to some reconclusions about how and with whom you deploy your creative juices. Listen to that inner voice to make sure you heard it right, then get back into gear.

Mercury Conjunct Moon (Retrograde)

Mercury turning around on your Moon may give you the message that you may have been missing something emotionally, perhaps not fully accessing your feelings when personal matters come into play. It could be time to take a second look at knee-jerk reactions and the types of automatic responses that operate under the radar but should perhaps be monitored more carefully. Make a renewed effort to make each moment fresh and live and don't just skip to what you expect to come next. Your life is only as real as each individual feeling you experience, so let there be no forgotten ones.

Mercury Stationary Direct in 05th House

A period of changeability and shifting focus has turned the corner and you will increasingly know better which choices are viable and which are not. Provisional projects will turn into final directions; distractions will be identified and pushed aside. Wherever you do wind up going, don't simply forget the road not taken, the path decided against. Keep them in your memory bank as they may turn up in other guises later and you'll already be halfway there. Follow through on what looks like a winner now, but don't let seemingly wasted time be forever lost by throwing away its fruits. Act selectively, but retain all.

Tune up your antenna for communications arriving that impact your emotional state and clear up mixed messages you might have been relying on. Keep it light and breezy if you can, as others may be depending on your cheerful attitude to infuse them with the same.

Just when you think you can enjoy the limelight, you have to turn around and put some more spin on your tale to satisfy the onlookers. That scenario can characterize the next three weeks when your image may need some polishing and you have to resolve differences of opinion on your status. But, a few stumbling blocks well attended to now will open up a path of clear sailing down the road. Part of this may be that you haven't really picked up the smaller stitches because you've not quite got the bigger picture in focus. The best-laid plans for self-promotion may have been getting tangled during the last three weeks, but the wind is changing and you'll begin to find it easier to chart your course, especially career wise. Correcting misconceptions about yourself is an important task to undertake, as you can't benefit if others don't really know where you're at. That especially applies where you are trying to nurture valuable connections that will buoy you up in weeks to come. When you make things perfectly clear, that's just what they become, and clearing up confusion clears the skies in general.

As you see indicators that you are not maximizing your personal image, you have the opportunity to prune, trim, reshape, or even redesign the way you appear both physically and personality-wise. There could be a new you in the making, or just a more refined and efficient version of what went before. Over the past few weeks, you may have developed a bit clearer vision of how you would like to present yourself and how you want to benefit from the way people see you. As you fine-tune your image, you will also be impacting your ability to earn and benefit from the way you are viewed and judged by others (for the better). What you rearrange on the outside is just a reflection of what's going on inside, however, and the more consistent one is with the other, the easier you will be able to get what you want, when you want it.

The coming three weeks mark a period when not only hedging your bets but replacing your wagers may be just the right thing to do. When resources come up short, don't hesitate to reallocate them in order to provide yourself a firm foundation and a springboard to the future. Redesign with an eye toward giving yourself some extra padding, rather than relying on last-minute income to fill in the gap. Mercury Square Neptune (Retrograde)

Not the clearest of times. There is the danger of foggy thinking and of your being misled or getting too carried away with some plan or idea. A lot of mental pressure.

Mercury Stationary Direct in 05th House

A period of changeability and shifting focus has turned the corner and you will increasingly know better which choices are viable and which are not. Provisional projects will turn into final directions; distractions will be identified and pushed aside. Wherever you do wind up going, don't simply forget the road not taken, the path decided against. Keep them in your memory bank as they may turn up in other guises later and you'll already be halfway there. Follow through on what looks like a winner now, but don't let seemingly wasted time be forever lost by throwing away its fruits. Act selectively, but retain all.
